

# PRODUCT SHEET OMFB 625\*680

Oil tanks manufactured using the latest technologies in order to ensure the longest reliability in time. They are painted with grey epoxy powder (RAL 7021). They are available in different sizes and capacities, complete with mounting brackets and rubber protections, breather and filler cap (replaceable air filter), oil level gauge and flange for filter predisposition. High versatility is granted by a wide choice of accessories available. **The blank flange is provided included in the standard equipment.**

| ALLUMINIUM       |             |   |        |
|------------------|-------------|---|--------|
| Filling capacity | Tank code   | * | Weight |
|                  |             |   | Kg     |
| 135              | H2ALBQ03541 |   | 16     |
| 150              | H2ALBQ04041 |   | 17     |
